## 3D Grand Blast

Company: 3D

- Powerful & safe degreaser removes dirt, grease, and grime with ease
- Great super cleaner for wheels, engines, exhausts, and more
- Easily rinses and washes away with less scrubbing and cleaning time
- Instant 'like new' results and shine

## 3D Bug Remover

Company: 3D

- Quickly loosens and wipes away protein build up from bugs, insects, and tree sap
- Safe on paint, wax, clear coats, plastic, rubber, chrome, aluminum, windows, mirrors
- No scrubbing, simply spray and rinse away from surface
- Great for cars, RVs, boats, trucks, motorcycles, home or office use

## 3D All Purpose Cleaner

Company: 3D

- Safe and effective cleaner for all surfaces
- Quickly clean car interior - door panels, dashboards, cup holders, and more
- Easy spray and wipe formula cleans surface with minimal effort
- Clean all your surfaces with confidence and peace of mind

## 3D Acid Mag Wheel Cleaner

Company: 3D

Acid Wheel Cleaner for chrome and spoke wire wheels. Removes rust, oxidation, brake dust, road tar and grime.

Specially formulated for chrome and spoke wire wheels (not alloys). Not recommended for plastic or painted surfaces.

## 3D Yellow Degreaser

Company: 3D

- Premium wheel and tire cleaner for wheel wells, lips, spokes, and tires
- Safely removes iron particles, brake dust, and dirt from wheels and tires
- The more yellow, the more the degreaser is working to clean dirt build up on the surface
- Great for all wheel and tire sizes and types

## 3D ERASER GEL WATER SPOT REMOVER

Company: 3D

- Carefully removes hard water spots on car paint and windows without damaging surface
- Reliable shower door cleaner and hard water stain remover for glass, mirrors, and chrome surfaces
- Simply apply with a sponge or a buffing polisher with a reliable pad for harder water stains
- For proper application, follow instructions on label

## 3D Towel Kleen

Company: 3D

- Premium microfiber towel laundry detergent soap
- Maintains towel cleaning properties for longer towel life and use
- Gets rid of those unwanted stains in your microfiber towels
- Works better for microfiber towels than regular laundry detergent

## 3D Orange Citrus Degreaser

Company: 3D

- Quickly loosens and wipes away protein build up from bugs, insects, and tree sap
- Safe on paint, wax, clear coats, plastic, rubber, chrome, aluminum, windows, mirrors
- No scrubbing, simply spray and rinse away from surface
- Great for cars, RVs, boats, trucks, motorcycles, home or office use

Orange Degreaser™ is a safe interior and exterior cleaner / Degreaser. It is an all-in-one cleaner with natural citrus "D-limonene" oil that helps remove the toughest stains, grease, oil, dirt and odors.

- Hybrid rubbing compound and finishing polish all in ONE bottle
- One step scratch and swirl remover delivers true paint correction
- Removes many moderate to heavy surface imperfections on all paint colors
- For best results, apply with a Dual Action or Random Orbital Polisher

## 3D Express Wax

Company: 3D

- One step liquid spray on Montan Wax
- No powder residue, streaking, or smearing
- Protect and shine without damaging paint
- Safe on all paint colors and finishes

## 3D Final Touch

Company: 3D

- Premium quick detail spray
- Easy spray on, wipe off formula
- Great post wash, detail maintenance, and clay lubricant spray
- Showroom shine and delicious cherry scent all in one bottle

## 3D Final Touch - HYPER

Company: 3D

- Premium quick detail spray
- Easy spray on, wipe off formula
- Great post wash. detail maintenance, and clay lubricant spray
- Showroom shine and delicious cherry scent all in one bottle

## 3D Carnauba Paste Wax

Company: 3D

- High grade carnauba paste wax
- Applicator pad included
- Easy application and longer lasting than liquid wax
- Superior shine and protection

## 3D Waterless Car Wash

Company: 3D

- Premium waterless detailing spray
- No soap or water needed
- Save time and clean with confidence with our scratch free formula
- Refreshing apple scent

## 3D Waterless Car Wash

Company: 3D

3D was the original inventor of the Waterless Car Wash 20 years ago. As a matter of fact 3D is the manufacturer behind many other waterless car wash brands out there. So why settle with anyone when you can buy the best waterless car wash on the internet and available in the market? When it comes to washing cars, water has always been an indispensable element to do the job. However, using water proved to be wasteful, inefficient, and insensitive to the environment. That is why 3D Products came up with Waterless Car Wash.

## 3D Foaming Waterless Car Wash

**Company:** 3D

Introducing 3D's newest addition to the Professional Detailing Line - Foaming Waterless Car Wash! No water, hose or bucket needed! Simply spray on and wipe off dirt and grime.

## 3D POXY

**Company:** 3D

3D POXY is a non-cleaning, hybrid sealant/wax meaning it's a blended paint protection product made from both man-made synthetic protection ingredients fused with naturally occurring fossilized Montan Wax. It contains zero abrasives or chemical cleaners and for this reason should only be used on paint that is clean and smooth to the touch like brand new vehicles or paint that has been recently corrected.

Montan Wax doesn't break-down as easy as other wax ingredient options commonly used in the car care industry. When used as an ingredient in automotive waxes it imparts a scuff-resistance, high water repellency and a super high gloss shine. It offers excellent heat-resistance, making it a great choice for use in outdoor environments where your vehicle is exposed to direct sunlight over extended periods of time.

## 3D SPEED

**Company:** 3D

- All-In-One car scratch remover, swirl correction and wax sealant
- Premium car polish and wax all in one bottle
- Restores paint color, depth and gloss while also adding a layer of protection
- For best results, apply with a Dual Action or Random Orbital Polisher

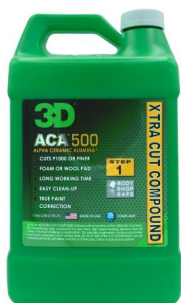

## 3D Bead it up

**Company:** 3D

- Hydrophobic polymer bead maker
- Ceramic Coating booster spray extends the life of your ceramic protection
- SiO2 properties repel water, dirt, road film, and more from paint
- Great post wash or detail maintenance spray for ceramic coated cars

## 3D ACA X-TRA CUT Compound

Company: 3D

- Step 1 extra cutting body shop compound with foam or wool pad
- Cuts P1000 grit sandpaper or finer
- Removes sanding marks, deep scratches, oxidation, and water spots
- Levels car paint surface to create a more perfect finish

## 3D AAT Cutting Compound

Company: 3D

- Adaptive Abrasive Technology body shop safe cutting compound
- Faster paint leveler cuts P1000 grit sandpaper or finer
- Low dust, easy clean up formula
- Removes sanding marks, deep scratches, oxidation, and water spots
- loosens and cleans dirt and grime build up
- Effectively removes stains from surface

## 3D AAT Finishing Polish

Company: 3D

- Step 2 Adaptive Abrasive Technology body shop safe finishing polish
- No holograms or fillers create superior gloss finish
- Removes haze and holograms after aggressive cutting compound
- Low dust, easy clean up formula

## 3D Spray Detailer

Company: 3D

- Silicone-free detail spray
- Body shop safe formula
- No airborne contaminants around freshly painted vehicles
- Great lubricant spray

## 3D AAT Correction Glaze

Company: 3D

**3D Correction Glaze combines the power of Adaptive Abrasive Technology with the UV Protection of body shop safe Montan Wax. Correction Glaze is adaptable to fresh and cured paints. It truly is an ALL-IN-ONE for all around use. Use on older classic cars, any new clear coats, or gelcoat surfaces, providing a deep wet gloss finish. It works best when applied inside the shop or in a shaded area, but it is also sun friendly.**

We should call this – 3D AAT 505 My Best Friend!

Why? - Because after you use this product ONE time it will be your new best friend. AND – you'll never want to be without your best friend.

If you work in a body shop you understand all the issues that go on behind the scenes that the general public, your customers, insurance adjusters and yes – even your boss never sees nor gets it.

The majority of work you do is collision repair. Daily drivers get wrecked, new body panels are installed and painted. Now the area you fixed looks better than the rest of the car. It won't look right to give the car back to the owner with shiny paint where you worked and dull, weathered, swirled-out paint over the rest of the body panels.

You know the right fix is to do a full paint correction including compounding, polishing, and waxing the rest of the car so it MATCHES the new paint. But there's no time for that and the time, labor and materials are never covered by insurance or the car owner.

You're a craftsman, you work in a craft industry. Chances are really good you're also a tick OCD about the perception of the work you personally turn-out as well as the reputation of the shop and shop owner where you work. You're stuck between a rock and a hard place and there's no easy answer. Until now.

I know it's easy to be cynical when you're reading copy like this but I'm being straight with you because I'm like you. I'm writing from my heart and my real-world experience. I know what it's like for everyone's expectations to be unrealistically high and due to time constraints – these kinds of expectations are simply not real-world.

Inside I want to do my best work and make everyone happy including the customer, the boss and yes, myself. I want to feel good about the work I turn-out. I certainly don't want anyone thinking I'm a hack.

Let's cut to the chase - here's what this product is. 3D 505 Correction Glaze is unique in the professional body shop world of compounds and polishes. It's a polish but nothing like any polish you've ever used.

First – it offers great correction ability for a “polish”. It's not a compound so keep things in perspective – it's for cleaning up the paint surrounding the new freshly sprayed paint, so the ENTIRE car looks the same.

Tunch calls it a BLENDER because it blends the surrounding panels that are filled with swirls, scratches, and oxidation so they look like the new, fresh sprayed paint.

Now when the customer comes to pick up their car the entire car is going to look great. It's going to look “finished”. The customer is going to be happy and to be honest – they won't even know why.

## 3D Magic Blue Dressing

Company: 3D

- Water resistant tire shine
- Repels rain and water on wet roads for long lasting tire shine and protection
- Use on different plastic surfaces
- Easy spray and wipe formula

## 3D Ultra Protectant

- 50:1 dilution ratio is a great value

## 3D Dilution System

Company: 3D

Minimize waste, reduce labor costs and eliminate manual mixing!

This 3D dilution system offers two flow rates for accurate dispensing of up to 5 different concentrates perfectly to you. (chemicals sold separately)

## 3D GLW WHEEL & TIRE CLEANER

Company: 3D

High-performance degreaser that effortlessly breaks down tough dirt, brake dust, and road grime while revitalizing tires. Our advanced grime-dissolving formula ensures a thorough deep clean with minimal effort.

## 3D GLW IRON REMOVER

**Company:** 3D

Swiftly eliminates iron oxide contamination from wheels and paint. Our spray-on, rinse-off formula reveals its effectiveness through a purple bleeding effect – the stronger the effect, the more it tackles stubborn iron buildup.

## 3D GLW SiO<sub>2</sub> CERAMIC WASH

**Company:** 3D

The ultimate SiO<sub>2</sub> Ceramic infused car wash soap that deeply cleans your car while adding super-hydrophobic properties for durable, lasting protection. Our powerful formula works effectively to lift dirt and grime while leaving your car with a superior glow.

## 3D GLW CLAY LUBRICANT

**Company:** 3D

Hyper slick, scratch-free clay bar decontaminant. Our highly lubricant formula minimizes friction between the clay bar and the clear coat to enhance the effectiveness of the clay while preventing sticking or scratching.

## 3D GLW SiO<sub>2</sub> CERAMIC DETAILER

**Company:** 3D

## 3D GLW SIO2 CERAMIC TRIM RESTORE

**Company:** 3D

Restores and conditions dull and faded plastic trim while adding a layer of hydrophobic protection. It revitalizes plastic surface to an ultra-dark finish while adding UV Protection against continued elemental damage.

## 3D GLW SIO2 CERAMIC WAX

**Company:** 3D

Easy wipe on, wipe off ultra-slick, hyper-glossy SIO2 Ceramic wax that adds long lasting hydrophobic protection. Our advanced formula seals your car's clear coat against unwanted water spots, dirt, road grime, and other contaminants.

## 3D GLW SiO2 CERAMIC INTERIOR DETAILER

**Company:** 3D

Quickly and safely cleans fingerprints, grease, stickiness and dust on most interior surfaces while adding a layer of hydrophobic protection against future spills, dirt, and grime. Our non-sticky formula tackles the highest touch-point areas in your car's cabin with ease.

## 3D GLW LEATHER CLEANER

**Company:** 3D

Offers a gentle yet potent deep clean, eliminating dirt, grease, body oils, and sweat from different leather types. Our pH balanced formula penetrates the surface at its core for a deep and thorough clean. The dry-to-the-touch finish leaves no residue, enhancing the cleanliness, look, and feel of the surface.

## 3D GLW LEATHER CONDITIONER

**Company:** 3D

Restores and revitalizes worn-out leather while adding a non-greasy, low-shine layer of UV Protection. Our nourishing formula replenishes dried leather for a rejuvenated and vibrant finish.

## 3D GLWCARPET & UPHOLSTERY WASH

**Company:** 3D

Potent stain extractor that penetrates deep, targeting heavy stains, dirt, and debris while revitalizing surfaces. With elite odor-eliminating enzymes, it destroys odors at the root, leaving a refreshing scent. Brightens and revives tired-looking upholstery and carpet, restoring their vibrant original color.

## 3D GLW SIO2 CERAMIC GLASS CLEANER

**Company:** 3D

Offers hyper rain repellency and protection. Our advanced formula provides utmost clarity and a contaminant-free surface glass for pristine visibility against rain, bird droppings, and other unwanted road film.

## 3D GLW SIO2 CERAMIC TIRE GLOSS

**Company:** 3D

Offers ultra-elemental protection and a hydrophobic high gloss finish. Experience ultimate hydrophobic protection against fading, cracking, and discoloration. Our formula keeps tires hyper glossy and dark with long-lasting hydrophobic and UV protection.

## 3D GLW SIO2 CERAMIC MATTE TIRE

**Company:** 3D

Offers ultra-elemental hydrophobic protection against fading, cracking, and discoloration. Maintain a deep, dark tire finish with our formula's lasting hydrophobic UV Protection dressing.

## 3D GLW ODOR ELIMINATOR

**Company:** 3D

Swiftly neutralizes and eliminates unwanted smells and leaves a refreshing scent. Keep your area smelling fresh and clean with this safe, solvent-free air freshener.

## 3D GLW HEADLIGHT RESTORE

**Company:** 3D

The ultimate headlight restoration polish that easily removes heavy oxidation, yellowing, and surface scratches without the need for heavy tools or equipment. Effortlessly cut away years of oxidation and enhance the vision and clarity of your headlights.

## 3D GLW ULTIMATE WASH

**Company:** 3D

High-foaming, scratch-free soap that effortlessly lifts dirt, grime, and road film without harming the surface. Our advanced formula creates ultra-thick suds for superior lubrication against tough contaminants while leaving a radiant finish.

## 3D MARINE ALL IN ONE COMPOUND & POLISH

**Company:** 3D

**3D Marine & RV All-In-One Compound & Polish** is formulated with our Adaptive Abrasive Technology that maximizes cut rate up to 2000P sand marks while providing an incredible deep shine to gel coat surfaces. You can cut and finish with one product by simply changing pads - wool or foam (cutting to finishing). Its filler-free formula provides true gel coat correction.

## 3D MARINE CUTTING COMPOUND

**Company:** 3D

**3D Marine & RV Cutting Compound** is formulated with 3D's Adaptive Abrasive Technology providing a fast cut on gel coat finishes removing up to 1000P grit scratches. It provides an incredible range of cut using wool or foam pads to correct the most difficult gel coat finishes.

## 3D MARINE FINISHING POLISH

**Company:** 3D

**3D Marine & RV Finishing Polish** is formulated with our Adaptive Abrasive Technology that helps to quickly remove minor imperfections, restoring gel coat finishes to a deep, rich shine. Its filler-free formula provides true gel coat correction.
